#### EXPERTISE

---

Dr. Risman Mat Hasim is a senior lecturer at Department of Mathematics, Faculty of Science, UPM. He received his PhD from University Putra Malaysia and his research interest is Differential Games with Integral and Geometric constraints. Currently, he is expanding his research interest in Fuzzy Differential Game problem.

#### Current Research Interest

- Differential Games described by Infinite System of Differential Equations
  - Pursuit and Evasion Differential Games in Finite Dimensional Space
  - Fuzzy Differential Games
- 

#### LINK TO POSTGRADUATE FIELD OF STUDY:

Differential games
