

## HEBAHAN UNTUK PELAJAR **FAKULTI SAINS** KEMBALI KE KAMPUS UNIVERSITI PUTRA MALAYSIA PADA SEMESTER PERTAMA 2021/2022

### **Pendahuluan**

1. Kementerian Pengajian Tinggi (KPT) akan melaksanakan kemasukan pelajar secara fizikal ke kampus Institut Pengajian Tinggi (IPT) secara berperingkat sepertimana yang diluluskan oleh Majlis Keselamatan Negara (MKN). Proses ini akan dijalankan secara berperingkat bermula 15 Oktober 2021. Kemasukan pelajar yang lengkap divaksin ke IPT ini melibatkan semua kategori pelajar dan semua Fasa Pelan Pemulihan Negara di mana keutamaan diberikan kepada pelajar berkeperluan.
2. Secara amnya terdapat **enam (6) kategori** pelajar yang berkeperluan akan dibenarkan untuk kembali ke kampus seperti berikut:
  - a) Pelajar program pengajian prasiswazah dan pascasiswazah yang memerlukan praktikal, makmal, klinikal, studio, bengkel dan peralatan khas.
  - b) Pelajar yang tidak mempunyai akses talian internet yang baik dan persekitaran yang tidak kondusif bagi melaksanakan PdP dalam talian termasuk golongan B40.
  - c) Semua pelajar antarabangsa sedia ada dan baharu tertakluk kepada peraturan imigresen semasa.
  - d) Pelajar Berkeperluan Khas (OKU).
  - e) Pelajar UPM yang mendapat tawaran kemasukan bersyarat yang perlu menduduki peperiksaan Malaysia University English Test (MUET), atau perlu menduduki peperiksaan badan professional/antarabangsa.
  - f) Pelajar Asasi Sains Pertanian dan diploma/persediaan diploma yang berada di kampus. Walau bagaimanapun pelajar Asasi Sains Pertanian dan diploma/persediaan diploma akan meneruskan pembelajaran secara dalam talian untuk Semester Pertama 2021/2022.

## **Kemasukan Semula Ke Kampus Secara Berfasa**

3. Senat menerusi mesyuaratnya yang ke-695, pada 13 September 2021, telah bersetuju bahawa tarikh permulaan Kalendar Akademik Semester Pertama 2021/2022 untuk pelajar bacheloer dan pelajar pascasiswazah dilewatkan seminggu kepada 18 Oktober 2021.

4. Senat juga bersetuju bahawa untuk Semester Pertama 2021/2022, semua pergerakan pelajar bacheloer dan pelajar pascasiswazah kembali ke kampus untuk menjalani aktiviti pengajaran dan pembelajaran (PdP) dibuat secara berfasa seperti berikut:

### Fasa 1 - Minggu Pertama mulai 18 Oktober 2021

Untuk pelajar yang perlu menjalani Latihan Klinik, Latihan Mengajar dan Latihan Industri (yang memerlukan penginapan dalam kolej), pelajar yang memerlukan akses ke makmal/studio/lapangan untuk menjalankan projek tahun akhir dan pelajar pascasiswazah yang perlu menjalani kerja-kerja penyelidikan di makmal/studio/lapangan. Walau bagaimanapun PdP akan dijalankan secara hibrid.

### Fasa 2 - Minggu Keempat mulai 8 November 2021

Untuk pelajar yang perlu menjalani kerja-kerja amali/studio/lapangan. Walau bagaimanapun PdP dijalankan secara hibrid.

### Fasa 3 - Minggu Kelapan mulai 13 Disember 2021 (Selepas Cuti Pertengahan Semester)

Untuk kohort pengajian program lain keseluruhannya. Walau bagaimanapun PdP boleh dijalankan secara hibrid.

Senarai program dan kohort pengajian **pelajar Fakulti Sains** mengikut fasa kembali ke kampus adalah seperti di **Lampiran A**.

## **Syarat Kemasukan Pelajar Antarabangsa**

5. Bagi pelajar antarabangsa yang telah lengkap vaksin mereka perlu mendaftar dengan Education Malaysia Global Services (EMGS) sebelum diberikan kebenaran masuk ke Malaysia oleh Jabatan Imigresen Malaysia (JIM). Ujian Swab RT-PCR COVID-19 perlu dijalankan tiga (3) hari sebelum masuk ke Malaysia. Setibanya di Malaysia, pelajar akan menjalani saringan kesihatan dan kuarantin di lokasi yang ditetapkan.

## Syarat Kemasukan Ke Kampus

6. Hanya pelajar yang telah mendapat dos vaksin yang lengkap dan melepasi tempoh keberkesanan selepas divaksin empat belas (14) hari sahaja dibenarkan kembali ke kampus.

Pelajar yang berkeperluan khas untuk kembali ke kampus atau secara berfasa kembali ke kampus UPM Serdang dikehendaki mendapatkan surat kelulusan daripada dekan fakulti. Sila emel [norzaina@upm.edu.my](mailto:norzaina@upm.edu.my) untuk mendapatkan surat kelulusan daripada dekan fakulti.

Manakala pergerakan kembali ke UPM Kampus Bintulu, adalah tertakluk kepada SOP yang dikuatkuasakan oleh Kerajaan Negeri Sarawak. Pelajar perlu mendapatkan surat kebenaran rentas daerah/negeri daripada Polis Diraja Malaysia.

Pelajar yang memerlukan kemudahan penginapan dalam kampus dikehendaki mendapatkan kelulusan Timbalan Naib Canselor (Hal Ehwal Pelajar dan Alumni) bagi Kampus Serdang atau Pengarah, UPM Kampus Bintulu bagi Kampus Bintulu.

## Implikasi Tidak Kembali Ke Kampus

7. Proses PdP akan dilaksanakan secara hibrid dengan pematuhan Prosedur Operasi Standard (SOP) yang telah diluluskan oleh MKN. Bagi kursus atau program yang dijalankan secara dalam talian, pelajar boleh memilih untuk meneruskan PdP secara dalam talian di lokaliti masing-masing. Walau bagaimanapun, pelajar yang dikehendaki kembali ke kampus untuk menjalani kerja-kerja penyelidikan di makmal atau di lapangan tetapi tidak memenuhi syarat melengkapkan vaksin atau menolak vaksin atau enggan kembali ke kampus, perlu menanggungkan pengajian atau sekiranya kursus itu merupakan kursus prasyarat kepada kursus lain misalnya kursus A, ia tidak boleh mendaftar kursus A itu sebelum lulus kursus yang menjadi prasyarat itu.

## Pengambilan Vaksin Secara *Walk In*

8. Sebagaimana yang diumumkan oleh YB Menteri Pengajian Tinggi, pelajar boleh mendapatkan vaksin secara *walk-in* di mana-mana Pusat Pemberian Vaksin. Pelajar hanya perlu membawa kad pelajar dan kad pengenalan/pasport. Bagi pelajar baharu, mereka perlu membawa surat tawaran kemasukan ke IPT berserta dengan kad pengenalan/pasport.

## **Pematuhan Prosedur Operasi Standar (SOP)**

9. Semua pelajar yang kembali ke kampus dikehendaki mematuhi sepenuhnya SOP yang berkuat kuasa dalam kampus untuk membanteras penularan COVID-19.

ANNOUNCEMENT FOR STUDENTS **FACULTY OF SCIENCE** RETURNING TO  
UNIVERSITI PUTRA MALAYSIA CAMPUS FIRST SEMESTER 2021/2022

## **Introduction**

1. The Ministry of Higher Education (KPT) will implement physical admission of students to campuses of Institutions of Higher Learning (IPT) in stages according to the National Security Council (MKN) guidelines. The process will be carried out in stages beginning 15 October 2021. The admission of fully vaccinated students to the campus will involve all students and all phases of *Pelan Pemulihan Negara* (National Rehabilitation Plan) where priority is given to "students in need".
2. In general, there are **six (6) categories** of "student in need" and those who will be allowed to return to campus are as follows:
  - a) Undergraduate and postgraduate students registered under programs that require practical, laboratory, clinical, studios, workshops and special equipment.
  - b) Students who do not have stable internet access and those whose home environment is not conducive for online teaching and learning PdP. This category of students includes those from the B40 group.
  - c) All existing and new international students. This category of students are subject to current immigration rules and regulations.
  - d) Students with Special Needs (OKU).
  - e) UPM students who have received a conditional offer of admission and are required to sit for the Malaysia University English Test (MUET), or need to sit for a professional/international examination.
  - f) Agriculture Science Foundation program (*Asasi Pertanian*) and diploma students who are on campus. However, students from the Agriculture Science Foundation program and diploma students will continue online PdP for the duration of First Semester 2021/2022.

## **Re -Admission to Campus in Phases**

3. The Senate in its 695<sup>th</sup> meeting held 13<sup>th</sup> September 2021 agreed that the commencement date of the First Semester 2021/2022 for both undergraduate and postgraduate students be postponed to 18 October 2021.

4. The Senate also agreed that for First Semester 2021/2022, all physical movement of undergraduate and postgraduate students back to campus for teaching and learning activities (T&L) will be done in phases as follows:

Phase 1 – Week 1 beginning 18 October 2021

This phase will involve students who need to undertake Clinical Training, Teaching practicum and Industrial Training (including those who require accommodation in college). This phase will also involve students who need access to laboratories/studios/fields to complete their final year projects and postgraduate students who need to perform research work in laboratories/studios /field. However, it is to be noted that T&L will be conducted using the hybrid mode.

Phase 2 – Week 4 beginning 8 November 2021

This phase will involve students who need to conduct practical work/studio/field work. However, it is to be noted that T&L will be carried out using the hybrid mode.

Phase 3 – Week 8 beginning 13 December 2021 (After Mid-Semester Break)

This phase will involve students from all other cohorts and programs. However, it is to be noted that PdP will be allowed to be carried out during this phase using the hybrid mode.

The list of study programs and cohorts' **students Faculty of Science** according to their specific phases of student admission to campus are listed as per **Appendix A**.

### **International Student Admission Requirements**

5. International students who have completed their vaccination need to register with Education Malaysia Global Services (EMGS) before they can be granted permission to enter Malaysia by the Malaysian Immigration Department (JIM). The RT-PCR COVID-19 Swab test must be conducted three (3) days before entering Malaysia. Upon arrival in Malaysia, students will need to undergo health screening and be quarantine at designated locations that will be informed to them.

### **Campus Admission Requirements**

6. Only students who have received a complete dose of vaccine and have passed the vaccine effectiveness period of 14 days are allowed to return to campus.

Students with special needs or students who will be allowed to return to UPM Serdang Campus in phases are required to obtain a letter of approval from the Dean of their respective Faculty prior to their return. Please email to [norzaina@upm.edu.my](mailto:norzaina@upm.edu.my) to obtain a letter of approval from the Dean of the Faculty.

The movement back to UPM Bintulu Campus, is subject to SOP's enforced by the Sarawak State Government. Students are also required to obtain the cross-district/state permission letter from the Royal Malaysian Police (PDRM).

Students who require accommodation on campus are required to obtain the approval from the Deputy Vice Chancellor (Student and Alumni Affairs) for the Serdang Campus and from the Director of the UPM Bintulu Campus for Bintulu Campus students.

### **Implications of Not Returning to Campus**

7. The teaching and learning (T&L) process will be implemented using the hybrid mode in compliance with Standard Operating Procedures (SOP) that have been approved by MKN (National Security Council). For courses or programs conducted online, students can choose to pursue T&L online in their respective localities. However, students who are required to return to campus to undertake research work in the laboratory, studio or field work but are not vaccinated, refuse to be vaccinated, or refuse to return to campus, will be required to postpone their studies. If the course that they are required to be on campus to attend is a prerequisite course (to other courses such as course A), they then will not be allowed to register for course A before completing the prerequisite course.

### **Walk-In Vaccination**

8. As announced by the Minister of Higher Education, students can get the vaccine by walk-in at any Vaccination Center. Students only need to bring their student card and identity card/passport. For new students, they will have to bring the letter of offer for admission issued by the university along with their identity card/passport.

### **Compliance with the Standard Operating Procedures (SOPs)**

9. All students who will be returning to campus are required to fully comply with the SOPs enforced on campus to prevent the spread of COVID-19.

## LAMPIRAN A/APPENDIX A

### SENARAI PROGRAM PRASISWAZAH (BACELOR YANG AKAN KEMBALI KE KAMPUS PADA FASA 1 & 2 DAN MENGIKUT KOHOT KEMASUKAN / LIST OF UNDERGRADUATE (BACHELOR) PROGRAMS THAT WILL RETURN TO CAMPUS IN PHASE 1 & 2 AND BY ADMISSION COHORT

#### FASA 1/PHASE 1: PRASISWAZAH/UNDERGRADUATE

Bil.	Program / Programme	Kohot 2018/2019 Tahun 4/Year 4
1.	Bachelor Sains Biologi dengan Kepujian; <i>Bachelor of Science in Biology with Honours</i>	/
2.	Bachelor Sains Fizik dengan Kepujian; <i>Bachelor of Science in Physics with Honours</i>	/
3.	Bachelor Sains dalam Sains Bahan dengan Kepujian; <i>Bachelor of Science with Honours in Materials Science</i>	/
4.	Bachelor Sains dalam Sains Instrumentasi dengan Kepujian; <i>Bachelor of Science with Honours in Instrumentation Science</i>	/
5.	Bachelor Sains Kimia dengan Kepujian; <i>Bachelor of Science in Chemistry with Honours</i>	/
6.	Bachelor Sains Kimia Petroleum dengan Kepujian; <i>Bachelor of Science in Petroleum Chemistry with Honours</i>	/
